EDUCATION

Washington University in St. Louis | Aug 2027 – May 2029

MDes in Human-Computer Interaction & Emerging Technology
Sam Fox School of Design & Visual Arts

Washington University in St. Louis | Aug 2022 – May 2026

B.A. in Design: Communication Design Concentration, Minor in Computer Science

Activities:

Public Relations Chair, WashU Ghost Lights A Capella (Aug 2023 – Aug 2024)

Social Chair, WashU Ghost Lights A Capella (Aug 2023 – May 2026)

Brooklyn Latin School | Sep 2019 – Jun 2022

International Baccalaureate (IB) Diploma, Computer Science Elective

Activities: Headspace Club, Ensemble Vocalist, National Honors Society, Politics Club, Coding League

Manhattan Bridges High School | Sep 2018 – Jun 2019

Pre-Engineering Major | Activities: Geometry Tutor

WORK EXPERIENCE

MDes Design Consultant | May 2026 - August 2026

WashU — Digital Transformation Research Corps (On-site)

- Serving as embedded UX/UI and visual designer across faculty-led research projects as part of WashU's competitive Digital Transformation Research Corps
- Designing publication-quality data visualizations, scientific figures, and workflow diagrams for grant-facing audiences including NSF, NASA, NIDA, and private foundations
- Supporting UI/UX design for a conservation practitioner-facing interface intended for global deployment across varied technical literacy levels and connectivity constraints
- Collaborating with student software engineers, data scientists, and faculty researchers across Schools of Arts & Sciences, Medicine, Public Health, and Sam Fox School of Design & Visual Arts
- Applying human-centered design methods to communicate complex spatial, ecological, and health equity data clearly to both expert and non-expert audiences

Administrative Assistant (Design & Comms Focus) | Jan 2026 – May 2026

Washington University — Anthropology Department (Hybrid)

- Designed and produced visual materials (flyers, posters, postcards, exhibit panels) to support academic programming and engagement
- Collaborated with faculty to develop written and visual content for exhibitions and informational displays
- Created and edited social media content; coordinated event logistics, setup, and execution for departmental programming
- Supported day-to-day operations by assisting students and staff, managing shared resources, and troubleshooting equipment

Executive Assistant | Sep 2023 – Dec 2025

Last Shall B 1st (Hybrid)

- Supported administrative tasks for the production team including scheduling, calendar management, and organizing studio time
- Handled email and phone correspondence with artists, vendors, and team members; assisted with recording sessions and music release planning

TECHNICAL SKILLS

- **UX/UI & Design Tools:** Figma (wireframing, prototyping, component libraries), Adobe Creative Suite (Photoshop, InDesign, Illustrator), Canva
- **Web & Programming:** Working knowledge of Python and JavaScript for automation, data handling, and web-related tasks; familiarity with front-end development concepts
- **Data Visualization:** Publication-quality scientific figures, workflow diagrams, and grant-facing visualizations for academic and non-expert audiences
- **Productivity & Office:** Microsoft Office Suite (Word, Excel, PowerPoint, Outlook, Teams) and Google Workspace for administrative support, reporting, and scheduling
- **Social Media:** Content creation, post design, and copywriting for Instagram, TikTok, and Twitter using brand-aligned strategies
- **Languages:** Fluent in English; conversational Spanish
- **Music & Audio:** Ableton Live for songwriting, vocal recording, and basic mixing; strong foundation in music theory and performance

PERSONAL SKILLS

- User-centered thinking and research synthesis applied to complex, multi-stakeholder design problems
- Strong cross-disciplinary collaboration across engineering, research, and creative teams
- Clear, professional communication across all channels — email, phone, and in-person
- Confident decision-making and problem-solving in fast-paced, time-sensitive environments
- Skilled in scheduling, calendar management, and event logistics coordination
- Fast and accurate typing (~78 WPM) with strong attention to detail in documentation
- Adaptable and calm under pressure; reliable and proactive in supporting teams and leadership

- Maintained organized digital files using Google Drive and Dropbox; took meeting notes and prepared follow-up action items

Co-Founder / Oct 2020 – Jun 2022

Sanitatem Mentis (Remote)

- Co-founded a mental health organization providing resources for the Brooklyn Latin School community
- Led initiatives and strategic decisions; coordinated workshops promoting mental wellness in person and over Zoom
